

KEEP OUT OF REACH OF CHILDREN

Udder Balm aids in soothing and softening chapped and irritated skin. Recommended for use on teats, udders, and other skin areas that are exposed to frequent washing and temperature changes.

Directions for Use: Thoroughly dry udder and each teat before application of Udder Balm. Apply liberally to entire teat and udder area after each milking. Be sure to coat teat orifice.

Caution: Before milking or nursing young, thoroughly wash the entire udder and teat area to avoid contamination of milk.
