

Antihistamine/Decongestant
Powder

Tri-Hist[®] Granules

Product Number: 08874

Presentation \mathcal{R}

Tri-Hist Granules	Product Number	Case Count
20 oz jar	08874	12/case

Indications

For use in horses when a histamine antagonizing preparation is required. It helps alleviate skin and respiratory allergies such as congestion, hives (urticaria), runny nose, and itching.

Dosage and Administration

Adult Horses: Administer 1/2 ounce (1 loose filled scoop) per 1,000 lbs body weight in feed or via a dose syringe. Can be mixed with feed and repeated at 12 hour intervals or as directed by a veterinarian. Provide ample drinking water.

Foals and Ponies: Consult your veterinarian.

Caution

Federal law restricts this drug to use by or on the order of a licensed veterinarian. DEA List One Chemical.

Warning

Do not use at least 72 hours prior to sporting events. Anhidrosis reactions may occur if used at times during high heat and humidity. For horses only. Not for human use. Not for food animal use. Keep out of reach of children.

Storage

Store at a temperature between 15°-30° C (56°-86° F).

Ingredients

Each ounce contains:

Pyrilamine maleate USP600 mg

Pseudoephedrine hydrochloride600 mg

in a palatable cornmeal base
